

EFFICIENCY PAYS

Our commitment to bringing ecologic yet economic products to our customers is reflected in the features of this high-efficiency front load laundry pair. In addition to providing top-of-the-line fabric care, the low water wash system in the washer and the sensor strips in the dryer can help you save **up to \$3,300 over the lifetime of the pair*** in water and energy savings.

*Compared to pre-2004 traditional top load pairs, average use, normal cycle, 11-year washer life and 12-year dryer life, combined washer and dryer water and energy savings, electric only.

SAVE MONEY AND ENERGY

This high-efficiency pair uses up to 77% less water and 81% less energy in the washer* and 48% less energy in the dryer,** helping you **save over \$3,300** in lifetime water and energy costs.†

SEE YOUR IMPACT

The Efficiency Monitor gives feedback about how the cycles and options you choose affect your overall energy savings.

LARGEST CAPACITY LAUNDRY PAIR AVAILABLE IN ITS CLASS‡

With 4.1 cu. ft. capacity in the washer and 7.4 cu. ft. in the dryer, there's more than enough space to get your dirty clothes off the floor and back into the drawer.

*Compared to pre-2004 traditional front load washers.

**Compared to pre-2004 traditional dryers, average use, normal cycle, 12-year life.

†Compared to pre-2004 traditional front load pairs, average use, normal cycle, 11-year washer life and 12-year dryer life, combined washer and dryer water and energy savings, electric only.

‡ Among leading front load brands, MSRP \$849 and below.
