

BERTAZZONI PROFESSIONAL SERIES

30" CONVECTION SPEED OVEN

PROSO30X

HIGHLIGHTS

- Bertazzoni ovens use stainless steel metal knobs to select cooking modes and temperature, while the intuitive interface lets users program time and other functions.
- The European convection system ensures even roasting and baking on multiple levels with no flavor crossover.
- All Bertazzoni ovens install flush with the cabinet doors and integrate seamlessly with specialty ovens and warming drawers in both vertical and horizontal combinations.

FEATURES

INSTALLATION INSTRUCTIONS

PROSO30X

The minimum gap between the kitchen cabinet upper or lower panel and the appliance is $\frac{1}{8}$. This dimension must be added to the height listed in the drawings

For any combinations of built-in models, please see related installation drawings

Bertazzoni recommends to operate the appliance after it has been installed in a cabinet. The kitchen cabinets shall be made of materials capable of withstanding temperatures at least 117°F (65°C) above room temperature in order to avoid possible damage to the cabinets during oven usage. For further installation instructions refer to the installation manual.
