Color
DW 55100 SS: Stainless steel
DW 55100 FBI: Fully Integrated

ENERGY STAR

FEATURES

8 Place Settings
Blomberg dishwashers can perfectly clean dishes upto 8 place settings without leaving any piece of cutlery out.

RapidClean
The dishwasher increases the washing temperature and adjust the water pressure to provide up to 2 times faster cleaning performance.

Auto Tablet
Sensors detects rinse aid and automaticly sets drying cycle duration. This provides the best drying results without any concern.

Brushless DC™ Motor
Variable speed circulation motor allows to use optimum necessary amount of water and energy. Due to magnetic design the motor has no persistent low frequency sound, and creates less vibration.

Digital Display
The electronic display is a quick and easy way to select your programs. Additionally, models with top control panel wih numerical display offer a noise level adjustable “end of cycle audiable signal”. Hidden control panel prevents your children from changing programs and playing with your dishwasher.

Double Motion Float System
All Blomberg dishwashers have a double motion float system (DMFS) that provides maximum security against water damage and a bottom tray to prevent flooding.
