

Style fits in. Performance stands out.TM

Every kitchen is as unique as the family who gathers there.

In 1987 Viking Range, LLC created commercial-style appliances that quickly started the stainless steel revolution in home kitchens everywhere. These iconic ranges are still in high demand by cooking enthusiasts, culinary teachers, and professional chefs all over the world.

In 2013, a totally new brand created exclusively for Canada was born from that distinguished lineage. Quality has a new name in Canada and that name is Brigade. Born from the Brigade Professional line, the new Brigade line delivers powerful performance with sleek styling and standard sizes.

Whether you're just starting out or redesigning your entire kitchen, here's your chance to inspire instead of aspire. From ranges and ovens to refrigerators and dishwashers, the Brigade line offers outstanding power and features, with products to complement your style.

The complete Brigade kitchen. Completely different.

FREESTANDING RANGES

GAS, DUAL FUEL, ELECTRIC

We took the performance of the Brigade Professional range and harnessed it into our new kitchen-friendly 30" wide units. All you have to do is determine which cooking type suits you best – **gas, dual fuel, or electric**. Gas sealed surface burners provide best-in-class power and precision with 65,000 total BTUs. The **QuickCook™** Surface Elements on the electric range reach full power in three seconds, delivering maximum performance in minimal space. Inside the extra-large oven cavity, the **TruGlide™** Full Extension Oven Rack offers effortless removal of heavy bakeware. Regardless of the range you choose, we've engineered **consistent and even baking**, combined with professional cooking power, into each and every one.

BUILT-IN COOKING

Brigade built-in cooking products offer the freedom and power to cook however – and whatever – you like. Derived from our ranges, **gas and electric cooktops** combine sleek design versatility with powerful performance. Customize your kitchen with **single or double electric ovens**. Both boast a **powerful 10-pass broiler** for intense searing capabilities, a concealed easy-to-clean bake element, **TruConvec™** cooking for foods that require gentle heat, and **TruGlide™** Full Extension Oven Racks for effortless removal of heavy bakeware. **Electric warming drawers** keep every course piping hot, and **microwaves** add an extra dash of cooking convenience.

VENTILATION

You want to fill your kitchen with only the **freshest** ingredients – including the air. Brigade **chimney wall hoods** complement the Brigade kitchen in form and function, **quietly** controlling temperatures and corralling odors. Exceptional features like an **auto-heat sensor** and adjustable halogen lighting offer even more comfort to your cooking area. **VersaVent™**

Rear Downdrafts quietly work behind cooktops to eliminate smoke and odors, then retract into the counter after their job is done.

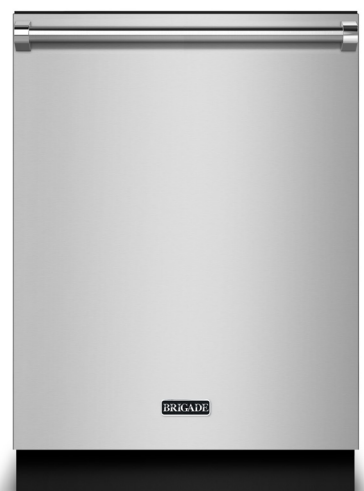

REFRIGERATION

Fresh ingredients are essential for healthy, tasty meals. **Freestanding french-door bottom-freezers** keep your ingredients fresher with dedicated drawers and shelves to accommodate every item on your grocery list. French doors open wide to reveal an **Adjustable Cold Zone™** Drawer, two **Adjustable Humidity Zone™** Drawers, and an internal filtered water dispenser. The electronic controls accurately maintain selected temperatures in both refrigerator and freezer compartments. The bottom freezer pulls out at perfect-reach height with slide-out baskets for neat and easy storage.

DISHWASHERS

Cleaning up after a dinner party will certainly never be counted among the joys of cooking; thankfully Brigade **dishwashers** silently tackle the dreaded chore. The **sleek** and powerful dishwashers ensure that every plate, dish, and utensil comes out perfectly clean. Spacious, **easy-loading racks** accommodate enough place settings for an entire dinner party, so you can relax and leave the dirty work to us.

MADE EXCLUSIVELY FOR CANADA

GREENWOOD, MISSISSIPPI USA

The finest kitchen in the world doesn't amount to much unless it's filled with your family and friends. Viking Range, LLC applies this same philosophy to our offices and factory floors. Even though our products ship around the world, the company has always stayed true to its roots in Greenwood, Mississippi. The Brigade brand, created exclusively for Canada, was born here and our decision to set up shop (and more importantly, keep shop) in our hometown is a testament to the value of our roots.

At Viking Range, LLC people are our greatest asset. We are so proud of our employees and the products they build here in the heart of the Mississippi Delta that we confidently offer the industry's best and most comprehensive warranty, the Brigade 3-Year Signature Warranty, on our Brigade and Brigade Professional* products.

*Brigade Professional Outdoor products are covered by our 2-Year Outdoor Warranty.
