ICON

Induction Cooktop

designer series

E30IC80QSS

PRODUCT DIMENSIONS

Width	29-5/8"
Depth	20-3/8"
Height	4-3/8"

MORE EASY-TO-USE FEATURES

Keep Warm Setting

Maintains your ideal serving temperature for all your favourite foods.

More Energy Efficient

Cooking with induction is 70% more efficient than gas and 20% more efficient than electric.

Sleek Smoothtop Glass Design

The smooth, glass design of the cooktop seamlessly integrates with your countertop for a polished, premium look, making it easy to clean.

Blue LED Indicator Light

A blue LED indicator light remains illuminated until the surface is cool to the touch.

Power Assist™ Function

Generates rapid heat for a quick boil.

Cooking Timer

A cooking timer is conveniently located on the cooktop.

Cooking Flexibility

The sensors automatically detect the presence of magnetic cookware, activate the induction field, and adjust it to the exact size of the pan.

Signature Features

Boil Water Quickly

Induction technology is more responsive than gas or electric, and the Power Assist™ function generates rapid heat, so you can bring water to a boil quickly.

Custom-Set™ Touch-Controls

Integrated within the cooking surface for a clean look, electronic touch-controls give you accurate control over cooking temperatures.

Exceptional Temperature Control

Adjust heat with greater precision than on gas or electric cooktops, especially at lower settings. Ideal for melting chocolate and cooking delicate foods and sauces.

More Responsive

Cooking with induction is more responsive than gas or electric — you can instantly take the heat from boil to simmer.
