

# Induction Cooktop

designer series

**E36IC80QSS**

## PRODUCT DIMENSIONS

|        |         |
|--------|---------|
| Width  | 35-7/8" |
| Depth  | 20-3/8" |
| Height | 4-3/8"  |

## MORE EASY-TO-USE FEATURES

### Keep Warm Setting

Maintains your ideal serving temperature for all your favourite foods.

### More Energy Efficient

Cooking with induction is 70% more efficient than gas and 20% more efficient than electric.

### Sleek Smoothtop Glass Design

The smooth, glass design of the cooktop seamlessly integrates with your countertop for a polished, premium look, making it easy to clean.

### Blue LED Indicator Light

A blue LED indicator light remains illuminated until the surface is cool to the touch.

### Power Assist™ Function

Generates rapid heat for a quick boil.

### Cooking Timer

A cooking timer is conveniently located on the cooktop.

### Cooking Flexibility

The sensors automatically detect the presence of magnetic cookware, activate the induction field, and adjust it to the exact size of the pan.

## Signature Features

### Boil Water Quickly

Induction technology is more responsive than gas or electric, and the Power Assist™ function generates rapid heat, so you can bring water to a boil quickly.

### Custom-Set™ Touch-Controls

Integrated within the cooking surface for a clean look, electronic touch-controls give you accurate control over cooking temperatures.

### Exceptional Temperature Control

Adjust heat with greater precision than on gas or electric cooktops, especially at lower settings. Ideal for melting chocolate and cooking delicate foods and sauces.

### More Responsive

Cooking with induction is more responsive than gas or electric — you can instantly take the heat from boil to simmer.

| ELEMENT     | WATTS         |
