

Electrolux

DISHWASHER

EW24ID70QT

Featuring Wave-Touch® Electronic Controls

PRODUCT DIMENSIONS

Height (Adjustable)	33-3/4" – 35-3/4"
Width	23-3/4"
Depth	24-1/4"

MORE EASY-TO-USE FEATURES

THIRD-LEVEL RACK

Convenient space for spatulas and unique kitchen tools, or extra room for everyday utensils. Easily lifts out for convenient unloading.

EASY-LIFT ADJUSTABLE RACKS

Versatile racking system easily adjusts to provide the perfect place for all your dishware — no pinching, pulling, or toggling required.

LUXURY SOFT GRIP RACKS

Luxury Soft Grip Racks hold plastics and dishware in place, and prevent flipping, for a more thorough clean.

PERFECT STEMWARE™ GRIPS

Eighteen flexible grips gently hold stemware and other delicate items for a secure wash, every time.

LUXURY-QUIET™ DISHWASHER + SMART CLEAN LIGHT

A sound package so quiet, we engineered Smart Clean Light to let you know how much time is left in the cycle, and when your dishes are clean and ready.

SMARTSOIL™ SENSOR

Responsive technology that delivers a more effective, more efficient clean by continuously monitoring water purity to determine exactly how long a cycle should run.

MORE CYCLES

With up to nine cycles — including Heavy, Normal, Fast Wash, Auto, Upper Rack Only, Eco Wash, Stemware, Rinse Only, and "My Favorite" — you can choose the perfect wash for any occasion.

MORE OPTIONS

An even more amazing wash with unique options like Air Dry, NSF® Certified Sanitize Rinse, Hi-Temp Wash, Max Dry, and Delay Start (1-24 hours).

FLEXIBLE UTENSIL BASKET

With a large capacity utensil basket that can be split, reconfigured, and placed anywhere, you have even more loading options.

ECOLUX

With an eye to conserving our natural resources — and keeping your utility bill low — Electrolux dishwashers are ENERGY-STAR®-Qualified and incorporate innovative features like Eco Wash, resource-saving Upper Rack Only cycle, and Air Dry option.

WAVE-TOUCH® CONTROLS

Controls appear and fade away with a simple touch for a sleek, uncluttered display.

SIGNATURE FEATURES

PROCLEAN™ SYSTEM

Professional-level clean with ProClean™ System, featuring SatelliteSpray™, 30-minute Fast Wash Cycle, and Target Wash Zones.

SATELLITESPRAY™ ARM

An innovative rotating wash zone gives you 400% more water coverage, targeting virtually every spot in your dishwasher for a truly professional-level clean.

30-MINUTE FAST WASH CYCLE

Thoroughly cleans in just 30 minutes.

TARGET WASH ZONES

Four flexible spray jets deliver a targeted wash to the most challenging dirty dishes, from sport bottles to heavy-duty pots and pans.

Built-In Panel-Ready Dishwasher Specifications

- Product Weight – 98 Lbs.
- Voltage Rating – 120V/60Hz
- Connected Load (kW Rating) @120 Volts = 1.44 kW
(For use on adequately wired 120V, dedicated circuit having 2-wire service with a separate ground wire. Appliance must be grounded for safe operation.)
- Amps @ 120V = 15.0
- Always consult local and national electric & plumbing codes. Meets requirements of ASSE 1006—integral air gap on supply.
- Water Pressure – Hot water line to dishwasher must provide between 20 and 90 pounds per square inch (psi) with at least 120° F hot water temperature.
- Make sure location has correct drain, water and electrical outlets to make connections.
- Electrical and water supplies should enter cabinet opening on floor, or through back or side walls, as shown in shaded areas.
- Keep back free of drain, water & electrical supply.
- Connections preferably located toward left side of dishwasher. Do not cross drain, water or electrical lines in front of motor, blower or frame.
- If connecting drain hose to sink trap, local code may require installation of Air Gap Kit (not included).
- Leveling legs supplied to adjust height. (Note: Height only adjustable to 35-3/4" max. when installed in 35-3/4" max. standard cabinetry cutout. 5/16" min. clearance required from top of unit to underside of countertop.)

Dimensions do NOT include insulation — insulation blanket may be compressed during installation.)

- When installing adjacent to wall, cabinet or other obstruction that extends beyond front edge of unit, allow 2" minimum clearance between opened door and obstruction.
- Floor should be flat and free of obstructions.
- When installing at end of cabinet line, sides and back must be fully enclosed.
- Do not install unit under a cooktop, damage will occur.
- Recommended to seal cabinets, enclosing all sides of dishwasher, including underside of countertop, with oil-based paint or moisture-proof polyurethane to prevent possible steam/moisture damage.

Custom Panel Specifications

Refer to web for detailed panel construction and installation instructions. Pilot-hole paper template and screws provided for proper panel installation.

- Handle not included, match to custom cabinetry. Fit handle onto custom panel according to manufacturer's instructions. Handle should be used versus knob to provide adequate grip.
- Panel Dimensions – 30-1/2" H max. x 23-3/4" W x 3/4" D max.
- Panel Weight – 12 Lbs. max.

Note: For planning purposes only. Refer to Product Installation Guide on the web at electroluxappliances.com for detailed instructions.

General Installation Guidelines

For Installation with Side-by-Side Refrigerator

Use these dimensions and clearance instructions for planning purposes only. For detailed installation instructions, refer to installation guide, packed with product, or on the web at electroluxappliances.com.

Front

Top

*When installing side-by-side refrigerator adjacent to wall, cabinet or another appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 120° to 180° door swing, providing complete drawer / crisper access and removal. (Absolute 4-1/2" minimum clearance will ONLY allow for 90° door swing which will provide limited drawer / crisper access with restricted removal.)

When installing appliance with sliding drawer or drop-down door directly across from obstructions, provide sufficient clearance for drawer extension or door swing.

General Installation Guidelines

For Installation with French Door Refrigerator

Use these dimensions and clearance instructions for planning purposes only. For detailed installation instructions, refer to installation guide, packed with product, or on the web at electroluxappliances.com.

Front

When installing built-in cooking appliances in combination, 2"-high minimum visible gap between appliance faceplates required.

Clearance information for cooking appliances, provided in specific product's installation guide.

Top

*When installing a French door refrigerator adjacent to wall, cabinet or another appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 120° to 180° door swing, providing complete drawer/crisper access and removal. (Absolute 4-1/2" minimum clearance will ONLY allow for 90° door swing which will provide limited drawer/crisper access with restricted removal.)

When installing appliance with sliding drawer or drop-down door directly across from obstructions, provide sufficient clearance for drawer extension or door swing.

Front

To ensure optimum performance, avoid installing refrigeration appliances in direct sunlight or near heat source.

Top

When installing appliance with side-swing door adjacent to wall, cabinet, or other obstruction that extends beyond front edge of appliance, door swing and handle clearance must be sufficient to allow access to appliance interior.

When installing appliance with sliding drawer or drop-down door directly across from obstructions, provide sufficient clearance for drawer extension or door swing.

When installing appliance with sliding drawer or drop-down door adjacent to wall, cabinet, or other obstruction that extends beyond front edge of appliance, allow 2" minimum clearance between drawer or door and obstruction.
