CINGOLI

ISLAND HOOD

Designed to be suspended above a kitchen island, Cingoli takes flight with graceful 36" or 42" arched glass wings, which allow natural light to illuminate the surface below. The expansive glass wings are complemented by reflective stainless steel. The beauty of Cingoli is combined with features like a powerful 600 CFM blower, dishwasher-safe anodized aluminum mesh filters and high-tech multi-function LCD controls that deliver convenience and safety. Designed for standard ducted installation, Cingoli can also be installed as a recirculating system using the Recirculating Kit, available as an accessory.
