

NEMI

UNDER-CABINET

COMFORT

Nemi sports a slender 5" height and soft curves, designed to modernize and perfectly fit kitchens where space is a premium. Nemi features a 3-speed, 280 CFM internal blower, which provides sufficient ventilating power for most kitchens. The durable stainless push button controls allow for easy adjustment of blower speeds and dual halogen lamps. A single dishwasher-safe anodized aluminum mesh filter is easy to clean. Available in 30" or 36" widths, Nemi is designed for standard ducted installation, and can be installed as a recirculating system, using the Recirculating Kit, available as an accessory.
