

TWIN  
ISLAND

COLLECTION SERIES

Twin's brilliantly glossy finish reflects the world around it like a kaleidoscope, and provides a powerful visual impact, while the modern, clean-lined definition makes it easily adaptable to a variety of styles and environments. Many are misled by Twin's pendant light appearance and are pleased to find its decorative qualities are equally balanced by a high functioning range hood hidden within. All possible due to Elica's patented Evolution system

Think Outside the Kitchen and consider Twin for an "Air Cleansing" role in other rooms of the home, such as a smoky billiard room or den.

**MODELS**  
ETW536SS Twin 36" Stainless

## SPECIAL FEATURES

**Elica Evolution:** A super-compact ventilation system comprised of miniaturized / finely engineered components, which provide a platform for creating artistically interesting shapes that provide a splash of design and decoration for the room. Not just a pretty face, the patented Evolution system is a highly effective ventilation system, that won't over power the kitchen or disrupt the glorious views to the outdoors.
