## GE Monogram® 30" Fully Integrated Customizable Refrigerators for Dual Installation

### Dimensions and Installation Information (in inches)

#### The Installation Space

The finished cutout width must be 30".

#### The cutout depth must be 25" for flush installations.

- The front face of the refrigerator fits flush with 25" depth adjacent cabinets.

#### Electrical

A 115V, 60Hz., 15 or 20 amp power supply is required. An individual properly grounded branch circuit or circuit breaker is recommended. Install a properly grounded 3-prong electrical receptacle recessed into the back wall. Electrical must be located on rear wall as shown.

**Note:** GFI (ground fault interrupter) is not recommended.

#### Water Line

- A cold water supply is required for automatic icemaker operation. The water pressure must be between 40 and 120 p.s.i.
- Route 1/4" OD copper or GE SmartConnect™ plastic tubing between the house cold water line and the water connection location.
- Tubing should be long enough to extend to the front of the refrigerator. Allow enough tubing to accommodate a bend leading into the water line connection.
- Water line can enter an opening through the floor or back wall.
- Install a shut-off valve between the icemaker water valve and cold water supply in the home.

**Note:** When two units are placed side by side, order heater kit ZUG30.

For answers to your Monogram,® Cafe™ Series, Profile™ Series or GE® appliance questions, visit our website at [geappliances.com](http://geappliances.com) or call GE Answer Center® service, 800.626.2000.

## GE Monogram® 30" Fully Integrated Customizable Refrigerators for Dual Installation

### Dimensions and Installation Information (in inches)

#### Customization Basics:

These refrigerators are factory set for a right hinged door swing. The door swing is reversible. Choose an RH model with hinge on the right side; the door swings left to right. Choose an LH model with hinge on the left side; the door will swing right to left.

#### Note:

For 84" panels, the top space behind the top panel can be enclosed with wood and stained by the cabinet maker to match adjacent cabinetry.

#### Door Handles

Custom handles of your choice, supplied by your cabinetmaker, can be installed. If desired, you may order WR12X10988 Monogram® European stainless steel tubular handle kit for custom panels.

#### Optional Accessory Kits

ZUG30: For side-by-side installation

European Handle Kit: can be purchased through GE Parts store - WR12X10988

#### Door Swing Clearances

The installation must allow for clearances to adjacent walls or cabinets. These refrigerators are equipped with a 2-position door stop. The factory-set 115° door swing can be adjusted to 90° if clearance to adjacent cabinets or walls is restricted.

### Product Dimensions

\*80" high installation. The wine reserve can be adjusted to fit into a cutout that is 79-1/2" min. to 80-1/2" max. height. Use leveling legs and wheels for a maximum 1" height adjustment.

\*84" high installation. The wine reserve can be adjusted to fit into a cutout that is 83-1/2" min. to 84-1/2" max. with the appropriate door kit. Use leveling legs and wheels for a maximum 1" height adjustment.

Allow 15" minimum clearances for a full 115° door swing.

- 5" minimum clearance is required when the door swing is adjusted to 90°.
- See door swing illustrations to determine interaction with adjacent cabinets or countertops.

## GE Monogram® 30" Fully Integrated Customizable Refrigerators for Dual Installation

### Dimensions and Installation Information (in inches)

#### 3/4" CUSTOM PANEL DIMENSIONS:

##### 80" High Fully Integrated Installation

If you choose to install custom panels, they must be cut to the dimensions shown. The panels will attach to the door and drawers using a hook and bracket system.

**NOTE:** This product is designed to handle 3/4" panels that are made of wood.

33-3/8" x 23" is the maximum opening for a glass window. The opening may be smaller if desired.

\*Styles must be a min 3-3/8" to cover aluminum door frame.  
**Design Tip:** Some amount of each panel will be visible on the interior side of the unit. It is recommended that both sides of each panel be finished.

**Design Tip:** If using custom panels, a custom toe kick should be considered. The bottom of case is white.

## GE Monogram® 30" Fully Integrated Customizable Refrigerators for Dual Installation

### Dimensions and Installation Information (in inches)

### Features and Benefits

- Integrated design - Blends seamlessly with surrounding cabinetry and can be fitted with custom, professional or European-style panels in 80- or 84-inch heights
- Dual-refrigeration system - Provides precise and customizable climate control with three independent temperature-management zones
- Convertible lower drawer - With independent temperature controls can be used to store fresh food, frozen foods, wine or beverages
- GE unveils first HFC-free refrigerator in the U.S. - Replaces the standard hydrofluorocarbon (HFC) refrigerant with a hydrocarbon (HC) alternative, R600A
- Freezer drawer with electronic icemaker - Includes a removable ice bin and scoop and accommodates everyday freezer items
- LED interior lighting - Gradually brightens and dims when door or drawer is opened and closed
- Adjustable glass shelves - With aluminum trim provides an elegant and uncluttered appearance
- Soft-close freezer and convertible drawers - Smoothly and quietly slide into a secure shut position
- Illuminated, electronic glass-touch controls - Make it easy to adjust interior lighting, temperature (Fahrenheit or Celsius), control lock and other settings for all three climate zones
- GE water filtration system - Provides clean, fresh-tasting ice cubes (GSWF)
- Sabbath mode-capable - Allows the refrigerator to comply with Kosher practices
- Model ZIC30GNHII - Solid door
- Model ZIK30GNHII - Glass door
