

Door Wake Up Mode	For some models To turn this option ON/OFF , press and hold the START and WASH TEMP buttons for 5 seconds, close the door and wait 3 minutes for the dishwasher to go into sleep mode. In the OFF mode, the control display, control sounds, and interior lights will not respond to the door opening/closing. This mode can be used when observing certain religious holidays such as the Sabbath. To activate the control and interior lights, press any pad.
Clean	Displayed when a wash cycle is completed. The light stays ON as a reminder that the dishes are clean. Opening the door or pressing any key while the door is closed will turn the light off.
Sanitized	Displayed at end of the cycle when Wash Temp Sani (Sanitize) has been selected and the dishwasher has met the requirements for sanitation. Wash Temp Sani is completed. Opening door or pressing any pad while the door is closed will turn the light off.
7 Cycle Completion	
Cancel	To cancel a wash cycle, press and hold the Start pad for 3 seconds and close door. The dishwasher will drain, emit a beep sound, and the wash cycle light will turn Off.
Interrupt or Pause	Every minute to remind you to close the door. To restart or resume the cycle, press Start , and close the door.
Start	Door can be open to select the desired options. Press the Start pad and close the door within 10 seconds to start the cycle or begin the Delay Hours countdown. The wash cycle will begin shortly after closing the door. If the door is open, the illuminated lights will turn off if a pad is not pressed within two minutes. To activate the display, close and open the door or press any pad.

6 Start Dishwasher	
Energy Smart	When connecting a smart meter and your electric company, the dishwasher will automatically delay starting a cycle during the more expensive peak demand times, and run when demand is low. However, you can override the delay settings and use the dishwasher as needed. Learn more about Energy Smart in the complete Owner's Manual at GEAppliances.com .
Control Lock	You can lock the controls to prevent selections from being made. You can also lock the controls after you have started a cycle to prevent cycle changes. For example, children cannot accidentally start the dishwasher by pressing pads with this option selected. To LOCK/UNLOCK the dishwasher control , depending on the model, press and hold the Heated Dry pad, or the Steam and Wash Temp pads at the same time, for 3 seconds. The Control Lock light will turn on to indicate the control is locked and will turn off to indicate the control is unlocked.
Delay Hours	Hours, then press Start one time to begin countdown. The cycle will start once allotted time has expired.
Delay Hours	For some models/ Delays the start of a wash cycle up to 8 to 12 hours depending on model. Press Delay Hours , to select the number of hours, then press Start one time to begin countdown. The cycle will start once allotted time has expired.
Wash Zones	For some models/ Selecting either the Upper or Lower Wash Zones will target washing of just one rack. This will shorten the the cycle time and conserve energy. This option can be used when there is only half a load of dishes.
Steam (Pre-wash)	For some models/ For use with heavily soiled and/or dried-on, baked-on soils. This option MUST be selected PRIOR to starting the cycle. Steam option adds approximately 30 minutes to the cycle time. Available with Heavy, AutoSense and Normal cycles.
Wash Temp Sani	This option raises the water temperature in the final rinse to sanitize your dishware. The cycle length will vary depending on the temperature of your inlet water. NOTE: This option is monitored for sanitization requirements. If the cycle is interrupted during or after the wash portion or if the incoming water temperature is so low that adequate water heating cannot be achieved, the sanitizing conditions may not be met. In these cases, the sanitized light will not illuminate at the end of the cycle. Utilizing this option will modify the cycle to meet the requirements of Section 6, NSF 184 for soil removal and sanitization efficacy. NOTE: NSF certified residential dishwashers are not intended for licensed food establishments.
Wash Temp Boost	Turns on the option for faster drying. This option may extend the time to your wash cycle up to 64 minutes. This option is not available with the Rinse cycle.
Heated Dry On	Turns on the option for faster drying. This option may extend the time to your wash cycle up to 64 minutes. This option is not available with the Rinse cycle.
Heated Dry Off	Shuts off the drying option. Dishes air dry naturally and energy is saved. Open the dishwasher door to speed drying.
Wash Temp Boost	For some models/ This option increases the temperature to help clean heavily soiled dishes and may increase the overall cycle time. Option may be turned On or Off during the wash cycle.

5 Select Options	
Rinse	For some models/ For rinsing partial loads to be washed later. Do not use detergent. Detergent is not dispersed during the Rinse cycle.
Light	This cycle is for light to medium soiled dishes. It is safe for china and crystal.
Normal	This cycle is used to rate the energy efficiency of this dishwasher. NOTE: Normal was used to rate the energy efficiency of this dishwasher.
Heavy	This cycle is meant for heavily soiled dishes, cookware, pots, or pans with dried-on or baked-on soils. Everyday dishes are safe to be used in this cycle.
AutoSense	For some models/ This cycle automatically senses the soil level and adjusts the wash cycle accordingly.
Select Cycle	This cycle may be selected with the door in the open position. The cycle will not start until after the door is closed and Start selected.
Add Rinse Agent	Press the Select Cycle pad for the desired wash cycle. The light next to the Select Cycle pad will be on to indicate which wash cycle has been selected.
Add Detergent	Add needed amount of detergent to the detergent dispenser. Use a detergent such as Cascade® Platinum ActionPacs™ .

4 Select Cycle	
Add Rinse Agent	Add rinse agent to the rinse agent dispenser such as Cascade® Rinse Aid™ .
Add Detergent	Add needed amount of detergent to the detergent dispenser. Use a detergent such as Cascade® Platinum ActionPacs™ .

2 Add Detergent	
Load Dishwasher	For best dishwashing results, follow the rack loading guidelines found in the complete Owner's Manual at GEAppliance.com . No pre-rinsing of normal food soils is required. Scrape off hard soils, including bones, toothpicks, skins, and seeds. Remove leafy vegetables, meat trimmings, and excessive amounts of grease or oil. Remove acidic food soils that can discolor stainless steel.
