Quietest Operation

When noise reduction is priority number one. With LoDecibel™, a combination of sound-reducing material and our Slim DirectDrive™ Motor, you'll experience very low noise output at **42 dB LoDecibel™**. It's the quietest dishwasher we offer.

Steam Wash, Don't Pre Wash

Powerful yet gentle TrueSteam™ virtually eliminates the need to pre-wash. The built-in **TrueSteam™** generator also enables gentle cleaning for fragile items (like stemware), and can be added as an optional enhancement to other cycles for heavy-duty cleaning.

Adjustable Top to Bottom

Pots, pans, dishes, glasses – no problem. The **EasyRack™ Plus System** provides outstanding flexibility and convenience in all 3 racks, adjusting to just about any load of dishes to ensure optimal cleaning performance.

Top Rack Flexibility

The **height adjustable 3rd rack** gives you more space to fit everything from long flatware to small espresso cups.

Count On It

When you buy a dishwasher, you don't want to worry that it won't last. Because the **DirectDrive™ Motor** uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

Wash & Conserve

SenseClean™ measures the water's turbulence and then adjusts water and cycle length for more precise cleaning and energy efficiency.

Reservations for 14

The spacious, stainless steel interior provides ample space for lots of dishes and stemware, in a variety of sizes. Fit up to **14 place settings** of dishes.

Energy Star Qualified

Among the most energy-efficient dishwashers in its class.
