WASHER/DRYER COMBO

All-in-One Washer and Dryer

Washer / Dryer Combo

The LG Wash and Dry Combo releases the user from the burden of transferring clothes from washer to dryer. The intelligent wash/dry system automatically programs the machine to wash and then dry clothes. *The Combo Unit is ideal for small loads only.

DirectDrive™ Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.

RollerJets™

Clothes glide over the RollerJets™ while sprinklers encourage the removal of soil, reducing pilling, fraying, and snags for longer lasting clothing.

LoDecibel™ Quiet Operation

Direct Drive and auto balancing reduced noise dramatically compared to conventional motors.
