RADIANT COOKTOP

Style and Design

LG's premium 36" radiant cooktops offers the perfect harmony between style and convenience.

SmoothTouch™ Controls

Easy to use with just a touch. At a quick glance of the centralized electronic controls users can see which heating element is activated and the smooth surface easily wipes clean.

Steady Heat Technology

Steady Heat cooking elements deliver constant heat at any temperature for more precise control and responds quickly to power setting adjustments.

Bridge Element

In addition to being used separately, the left front and the left rear elements can be joined by bridge element to evenly heat larger pans.

LCE3681
