Stainless Steel

# FRENCH DOOR

## Multi-Air Flow Cooling

Multiple air vents along with deluxe shelving ensure an equal amount of chilled air reaches each shelf for quick and uniform cooling.

## External Water Dispenser with Glass Touch Control Pad

Not only can you enjoy the benefits of a Side by Side fresh food compartment with a Bottom Freezer, but LG has enhanced the French Door package by adding a filtered water dispenser on the outside.

## Sophisticated Design, Inside & Out

Only with LG's exclusive styling package will you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look. The interior of the refrigerator adds to this look with recessed LED lighting, low profile shelving and an integrated crisper and deli storage centre.

## Environmentally Friendly

All LG French Door Refrigerators are Energy Star® rated, which means they use at least 15% less energy than required by current federal standards. And LG uses Cyclopentane to insulate the refrigerator – an environmentally friendly material.

## Tilt-A-Drawer™ Freezer

The freezer drawer tilts out giving you easy access to the premium pull out freezer drawer, making access easier than ever before.
