Compressor

FRENCH DOOR

Slim SpacePlus™ Ice System

It's great having an ice maker, but not if it means you can't fit all of your food in the fridge or freezer. The Slim SpacePlus™ ice system frees up additional door bin space providing more usable shelf space and additional door space.

Tall Ice & Water Dispensing System

From pitchers to pint glasses: finally a water dispenser that can accommodate just about all. The water- and ice-dispenser in this LG refrigerator is one of the tallest around, with the water dispenser measuring in at an ultra-accommodating 12.6 inches.

10 Year Warranty on Linear Compressor

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10 year warranty.

Converta™ Freezer Drawer

The Converta™ Freezer Drawer. It gives you the versatility to tackle some of the largest functions by giving you the ability to gain additional refrigerator space when you need it most (have the option of using it for freezing/soft freezing/or refrigeration).

Auto Open/Close Bottom Freezer Drawer

With a simple touch of a button or tap of the leg, Auto-Open and Auto-Close Freezer Doors give you instant access to your bottom freezer drawer without straining your back.
