

FRONT LOAD WASHERS

Graphite Steel

New LG SteamWasher™

WM2901HVA

Performance

- 4.5 cu.ft. Ultra Capacity with NeveRust™ Stainless Steel Drum (IEC)
- DirectDrive™ Motor for the Ultimate in Durability and Reliability
- 10° TiITub™ for Easy Reach into the Rear of the Drum
- 1200 RPM Powerful Spin for Efficient Water Extraction

Intelligent Fabric Care

- TrueBalance™ Anti-Vibration System
- SteamWash™ System for Better Washing Performance and Higher Water and Energy Efficiency
- Wash/Rinse Optimizer™
- Allergiene™ Cycle
- SenseClean™ System for Intelligent Fabric Care
- SteamFresh™ Cycle
- 12 Washing Programs and 5 Temperature Levels
- RollerJets™ and Forced Water Circulation
- Sanitary Cycle with Added Steam Option
- Delay Wash up to 19 hours for Washing Convenience

Style and Design

- Upfront Electronic Control Panel with Dual LED Display and Dial-A-Cycle™
- White LED Tub Light
- Large Stainless Steel Door with Clear Glass

Technology Benefits

- LoDecibel™ Quiet Operation
- Highly Energy and Water Efficient

NSF certifies the SANITARY course which is intended for reducing 99.9% of bacteria and other harmful microscopic organisms on laundry.

LG front load washers exceed Energy Star classifications by a minimum of 39%.

FRONT LOAD WASHERS

TrueBalance™ Anti-Vibration System

Creates a quieter washer operation by reducing vibration and noise.

Allergiene™

Allergiene™ cycle is proven to reduce certain allergens such as house dust mites and domestic animal dander.

SteamFresh™

LG's innovative SteamFresh™ cycle makes it possible for you to refresh and reduce wrinkles in up to 5 garments at one time. Running late for work with no time to iron? Load a cotton blend shirt into the SteamWasher™ and select the SteamFresh™ cycle. You'll be ready to go in just 20 minutes.

Wash/Rinse Optimizer™

The Wash/Rinse Optimizer™ delivers optimal washing and rinsing performance. A special sensor determines the amount of detergent and water hardness, making automatic adjustments to the wash/rinse processes. When there is too much detergent, additional rinse cycles are added to virtually eliminate soap residue making fabrics more comfortable on sensitive skin as well as ensuring a "like new" appearance on dark clothes. When too little detergent is used, this feature extends the wash cycle to ensure adequate cleaning performance.

Ultra Capacity

4.5 cu.ft. Ultra Capacity is among the largest washers available. This allows for larger loads saving you time and energy.

Intelligent Electronic Controls with Dual LED Display and Dial-A-Cycle™

Intuitive controls take the guesswork out of doing laundry allowing you to 'set it and go'.
