White

## OVER-THE-RANGE

### Sensor Cook Technology

Senses humidity inside the oven and automatically adjusts cook time and power appropriately. Once your food is thoroughly cooked, the microwave shuts itself off, reducing the risk of under or over-cooking.

### Spacious 2.0 cu.ft. Capacity

Bigger is better. 2.0 cu.ft. capacity gives you the freedom to cook more in your microwave without compromising the quality of your food.

### Halogen Cooktop Lighting

Lighten up! Convenient halogen cooktop lighting not only illuminates your cooking space, but it does so with a bulb even brighter than a conventional incandescent bulb.

### 5 Venting Steps

With our variable venting system, removing smoke and odors from your kitchen is a breeze. Choose between 5 venting steps to control the power and speed of the airflow.

#### LMV2053

<b>CAPACITY</b>	
Oven Capacity	2.0 cu.ft.
<b>FEATURES</b>	
Watts	1100
Exterior Design	Traditional
Control Type	Keypad
