Convenience Features

- 2 Heavy-Duty Racks and Split Rack
- SmoothTouch™ Glass Controls
- GoCook™ Oven Light
- 12 Hr. Automatic Shut-Off
- Self-Cleaning

Stainless Steel

GAS RANGE

Large Capacity Oven

Expand your options The size of your oven shouldn't dictate what you can cook or for how many people. This Large Capacity Oven gives you more space so you have the flexibility to cook more dishes at the same time.

UltraHeat™ 19,000 BTU Burner

Heat it up Sometimes you just need it hot, and the UltraHeat™ 19,000 BTU burner delivers. Get the extra power you need for high-heat cooking, like searing and stir-frying. Among the most powerful burners in its class.

Premium Convection System

This feature delivers the ideal temperature and airflow needed for faster preheating and more precise cooking.

- **Convection Bake** provides even heat distribution and results when baking simultaneously on multiple racks.
- **Convection Roast** is great for large, tender cuts of meat because heat circulates evenly around all sides for thorough cooking.

Flat Broil Heater

Flat-out smart We don't need to tell you that in cooking, space is at a premium. The smarter design of the Flat Broil Heater is recessed to provide more space.
