TOP LOAD WASHERS

Mega Capacity

When it comes to laundry capacity, big is good, bigger is better, but biggest is best. With the largest capacity washer available, now you can wash a king size comforter and full set of bedding in a single load! At **6.1 cu.ft. of MEGA capacity**, you'll definitely have more room to clean.

Fast Forward your Laundry

Tired of spending hours on end finishing your family's laundry? Now, those days are gone. LG's revolutionary **TurboWash™ Technology** allows you to save up to 20 mins on larger loads*, with outstanding cleaning performance! It's like pressing the fast forward button on your laundry.

Deep Clean with Steam

LG **Steam Technology** penetrate fabric to remove soil and enhance cleaning results, it also removes common household allergens. The Allergiene™ cycle gently removes over 95% of common household allergens, like dust mites and pet dander from even the most delicate fabrics. It's so effective it's certified by the Asthma Society of Canada (ASC).

Catch the Wave

LG **WaveForce™** uses rapid drum movement and powerful water jets to provide outstanding washing and rinsing performance, while staying gentle on clothes.

Count On It

When you buy a washer, you don't want to worry that it won't last. Because the **DirectDrive™ Motor** uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a **10-year warranty**.

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.
