# SAXONY

24" single zone beverage centre. - DBC056D2BSSPR

## PRODUCT FEATURES

### *CovetedCold Technology*

The purest level refreshment has been perfected in this refrigeration centre. Unique technology consistently preserves your beverages at 2° Celsius, which is the ideal temperature to serve drinks to family and friends.

### *Keep In the Cool*

Low E-Glass seals in the cold in a way that's similar to a thermostat lining. The extremely thin layers of safe and low emissivity materials used in this unit reflect interior temperatures back inside, keeping your drinks properly chilled and protected.

### *Luxury, Obstruction-Free*

The zero-clearance hinge system on this unit makes for a flush fit integrated built-in that will blend seamlessly with neighbouring cabinets. Surrounding surfaces will also be safe from bumps and nicks due to these ingeniously designed door joints.

*Where some see room for an appliance;  
We see room for an experience*
