

## PERFORMANCE

- Speed Heating - Induction cooktops heat 50% faster than traditional gas cooktops
- Large and powerful 11" element with 3600W
- Our Induction PowerBoost™ feature heats cookware faster than any other type of cooking technology.
- Auto Shut Off Timer available for all elements enables user to set desired cooking times. Separate kitchen timer also available.
- Keep Warm function allows meals to remain ready to serve
- Pan Recognition - Element will not turn on if other small objects are placed on the cooking zone
- Anti-Overflow System - exclusive feature shutting off the relevant element and sounding alarm when liquids are detected on user interface
- 2-step digital control panel indicates when elements are hot or very hot
- Child Safety Lock

## DESIGN

- Frameless design
- Touch control panel with blue light illumination offers 17 power settings
- Angular, modern design coordinates with the suite of Thermador Masterpiece™ Collection appliances
- Trapezoid design control panel
