# ELECTRIC/GAS DRYERS

## Intelligent Electronic Controls with Dual LED Display and Dial-A-Cycle™

Intuitive controls allow you to 'set it and go'. You can also save your favourite dry cycle by pressing Custom Program. You'll have optimized drying performance with the push of a button.

## Remote Monitor Ready

LG's Remote Monitoring System makes it easier to keep tabs on your laundry. Simply plug the modem into any outlet in your home and it communicates with the machine to display the time remaining in the cycle. Whether you're putting away groceries or relaxing with a good book, you'll know how much time is left. Your repeated trips to the laundry room are over.

## Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13.7" high drawer pedestals. They're also a great place to store laundry products.
