Height to Cooktop (E)	36"	36"	36"	36"

Extra-Large Oven Window

It's the window to your sole—the broiled sole with fresh veggies you're preparing for dinner, that is. Keep a close eye on your food, without opening the oven door.

Glass-Ceramic Spillsaver™ Upswept Cooktop

Spills happen. But the raised edges and upswept backguard on this smooth-surface cooktop make sure they have no place to run...or hide.

Hidden Bake Element/Burner

It's out of sight. Keeping the oven clean is easier with the heating element hidden under the floor of the oven.

Available Colors

(W) White

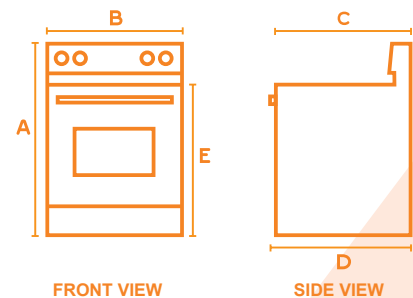

(B) Black

(D) Silver

(S) Stainless Steel

Height to Cooktop (E)	36"	36"	36"

Easy Touch Electronic Oven Controls

It's touch and go! Setting the bake time and temperature is a snap with these easy-to-use electronic controls.

Continuous Grate

We've got it covered. An additional grate fits between the burner grates, creating a continuous surface and providing a place to rest hot pans when cooking is complete.

Convection Cooking

Pull a fast one. Bake foods in less time than a standard thermal-bake oven with a convection fan that evenly circulates heated air.

Available Colors

(W) White

(B) Black

(D) Silver

(S) Stainless Steel

Contemporary Styling

The hottest look in town. The hidden vent provides a sleek silhouette. Metal finish handles match up brilliantly on the stainless steel models.

Sensor Cook & Sensor Reheat Options

Make sense of it all. These cooking options monitor humidity and automatically adjust cooking time so food is cooked or reheated, but not overcooked.

Large Capacity

It's a perfect fit. The microwave interior easily holds and effectively heats your favorite recipe, even if it's in a 9" x 13" dish.
