TOP LOAD LAUNDRY SPEC GUIDE

NTW4800XQ, NE/GD4800VQ

Amana[®]

We'll take a load off and keep you looking good.

SUPER CAPACITY

The only things that should be hanging out in your laundry room are your recycling bins. That's why top load laundry pairs are made spacious to fit more in every load.

WRINKLE PREVENT OPTION

Keep those pesky creases from settling into dry clothes. This option keeps the dryer tumbling intermittently without heat when you can't get to the load to fold it right away.

AUTOMATIC TEMPERATURE CONTROL

Sensors monitor the flow of incoming water, adjusting as needed to maintain the temperature you selected and keep cleaning consistent.
