

DW24T3IXT

DISHWASHER 24" TALL TUB STAINLESS PANEL AND BAR HANDLE T TIER

Energy Star rated stainless-steel tall tub dishwasher with multi-level interior configuration able to fit up to 16 place settings.

Super-quiet performance as low as 39 dB(A) with optional Stealth mode.

Flexible and foldable third rack with dedicated spray nozzle, ideal for flatware, silverware and smaller items.

Convenient height-adjustable middle rack with basket fully loaded.

Customizable and effective washing and drying with 8 washing cycles, 7 washing options and PowerDry Plus system.

NSF-certified Sanitize option elevates washing temperature to 155°F for perfect and sanitized cleaning, eliminating 99.9% of all common household bacteria.

Dual brushless pump system with electrical diverter, turbidity sensor and triple-stage metal filter ensures maximized cleaning results.

Additional high-pressure water circuit on the upper basket serving dedicated spray nozzles for deep cleaning tall glasses and bottles.

LED interior lighting to facilitate loading and unloading.

Choose Professional, Master or Heritage Series handle kit to match your cooking and refrigeration appliances.

Purchase Collezione Metalli to personalize your Heritage Series handle with Gold (DS2HERTGO), Copper (DS2HERTPC) and Black Nickel (DS2HERTSB) Décor Sets.

*** For a flush installation, a minimum inset depth of 22 1/2" (570) is required.

ELECTRICAL & WATER CONNECTION

E

A properly-grounded, horizontally-mounted electrical receptacle should be installed according to this drawing.

W

To connect the water mains to the water inlet valve thread, use a 3/8" water inlet hose and 3/4" metal adapter with a length of 60" (1524) (not supplied).

Connections placement must be located on either side of the cutout.

Dimensions in parentheses are millimeters unless otherwise specified.

INSTALLATION REQUIREMENTS

Follow local codes & ordinances for drain requirements. Install a waste line with an air gap (not supplied) or, alternatively, at least 30" (762) high drain loop to prevent backflow. Drain hose is 74" (1880) long. Drain hose must be connected at minimum 20" (508) from the floor.

For complete installation details refer to the installation manual at us.bertazzoni.com or ca.bertazzoni.com
