

24 Ceran Touch Control Cooktop 4 heating zones Professional Series

PE24CER

Bertazzoni 4-zone electric cooktops put Italian design and precision at the heart of your kitchen. Integrated front-mounted touch controls allow them to fit seamlessly into your kitchen and make them easy to use.

The smart design of the double zone elements maximizes heat delivery to each pot, saving energy without compromising performance. Extremely versatile with flexible heating areas of up to 1800W, they can bring water to a rapid boil or delicately melt chocolate on the lowest setting. The boil-over sensor helps avoid major spills and the smooth glass surface is easily cleaned when you've finished cooking.

Residual heat indicators give you peace of mind that your family and home are protected from accidents.

Bertazzoni ceran cooktops are ADA compliant. Designed with pride in Italy, they are covered by an industry-leading 2-year parts and labor warranty.

Specifications

Features

Worktop

Size	24 in
Cooking zones	4 electric
Worktop type	electric
Worktop design	ceramic glass
Worktop controls	touch controls
Residual heat indicator	yes

Cooking zones

Induction front right	(\varnothing 5 23/32") 1200 W
Induction front left	(\varnothing 5 23/32") 1200 W
Induction back right	(\varnothing 4 23/32" - 7 3/32") 1700 W
Induction back left	(\varnothing 7 3/32") 1800 W

Technical specifications

Electrical supply	208-240 V - 60 Hz - 6400 W / 50 Amp dedicated circuit
Power connection	hardwired
Certification	UL
