

# Internal Blowers

BEST® Internal blowers provide exceptional performance and comfortable sound levels. Durable construction features meet the needs of professional-style cooking appliances found in today's homes. The table below will help you select a blower matched to the heat output of your range hood. See page 67 for more information on selecting the right blower for your range or cooking style.

<sup>1</sup> All BEST® blower motors are thermal overload protected.

<sup>2</sup> As tested in D49M.

<sup>#</sup> Specially designed blower and housing for Cattura and Slot downdrafts.

\* For CFM restricted applications capture may be reduced.

\* See Specifications on pages 72-81.

\*\* Vertical duct direction only.

BEST® ducting, roof and wall cap accessories may be found on page 64.

Internal blowers may be vented through the roof or wall, with the goal of minimizing the duct length.

Internal blowers reside within the hood structure, so only a single electrical connection is required.

**Performance is a beautiful thing.**

It can be subtle or bold. It can take months or years to hone.  
Then impress you in an instant.

A great performance gives the audience exactly what they want and more than they ever imagined. And it inspires everyone and everything around it to be better.

At **BEST**, we make high performance range hoods that perform beautifully. Astonishingly quiet. Impressively effective. Remarkably efficient. And perfectly suited for the most distinguished kitchens.

Whether it's the centerpiece of the room or letting its surroundings shine, **BEST** is where high-end performance inspires.

**best**<sup>®</sup>

**PERFORMANCE THAT INSPIRES**
