## 24 INCH INDUCTION RANGE

### Large Oven Capacity

Blomberg knows you can never have too much room in your oven, even if there's not a lot of room in your kitchen. That's why we engineered a generous 2.51 cu. ft. oven capacity into our 24-inch range.

#### Large Cooking Zone

Blomberg ranges offer more than a beautiful appearance and the benefit of effortless cleanup. They feature the versatile advantage of allowing you to create a large, 10" cooking zone for fast, efficient cooking in oversize pots and pans of any shape.

#### **Cool Touch Oven Door**

Blomberg ranges feature cool-touch glass on the oven door to prevent accidental burns and safely protect those small, curious fingers tempted to point out the cookie they want first!

Product Weight - Ibs / kg

GENE	BAI
Туре	Freestanding
Size	24"
Finish	Stainless Steel
Side Walls	Black
Control Type	LED Display with Knob & Touch Control
Burner Color	Black
