FEATURES

nofrost

NoFrost

Keeps food fresher for longer periods. Eliminates ice and bacteria build-up, avoids unpleasant fridge odors.

duocycle

Duocycle

Certain Blomberg fridge freezers are equipped with an advanced no frost technology, which provides more homogenous, energy - efficient and silent cooling. There is no air transfer between the freezer and fresh food compartments. This eliminates odor mixing.

hygiene+

Hygiene+

Photo catalyst carbon filter, eliminates bacteria, reduce fridge odour and ensures hygiene. The carbon filter can be reactivated easily, with just one day's exposure to sunlight.

LED illumination

White Led Lightning

White LED provides a more aesthetic look inside your fridge and less energy consumption

hygAIR

HygAIR

Eliminates airborne bacteria and odor forming molecules, by producing natural negative ions. And food stays fresher for longer.
