

Incomparable Power and Performance

BlueStar® cooking products are designed for discerning home chefs who demand restaurant-quality results in their own kitchens. Since 1880, BlueStar® cooking products have been handcrafted in Pennsylvania with commercial-grade materials. Experience the incomparable power and performance of BlueStar®.

25,000 BTU BURNER

BlueStar's PrimaNova™ power burner delivers an intense 25,000 BTU flame, perfect for achieving a rapid boil, high-heat sear, or the perfect sauté.

GENTLE SIMMER

BlueStar's 130°F simmer burner features precise temperature control and flame disbursement, perfect for melting chocolate or gently warming delicate soups and sauces.

INTEGRATED WOK COOKING

No additional ring required, simply remove the ring grate and place the wok directly in the open flame for even, high-heat, authentic wok cooking.

SUPERIOR OVEN CAPACITY

BlueStar's convection ovens feature extra-large oven capacity to accommodate an 18" x 26" commercial baking sheet.

CONVECTION OVEN SYSTEM

BlueStar's unique oven baffle design and convection fan system result in even heat distribution for precise, accurate baking.

INFRARED BROILER

Our 15,000 BTU infrared broiler produces 1850° of intense searing heat. Broil to perfection in just a matter of minutes.

HANDCRAFTED IN THE USA

BlueStar® products are proudly handcrafted in the USA at our Pennsylvania factory, where we have produced premium cooking products since 1880.

DURABLE CONSTRUCTION

Constructed of superior-quality, commercial-grade stainless steel, BlueStar® products are designed to withstand the rigors of the busiest home kitchens.

PRECISION CONTROLS

Push-to-turn burner knobs with infinite settings provide the precise temperature control home chefs desire.
