

# 30" Industrial Style Induction Range

500 Series – Stainless Steel HIS5057C

**HIS5057C**  
Stainless Steel

**The 30" 4 element industrial-style induction range delivers power and performance in a commercial-inspired design.**

## Features & Benefits

Convection Multi-Rack combines a third heating element with a back fan for even browning and time savings by using multiple racks at one time.

Frameless, edge-to-edge surface glass cooktop for a sleek, streamlined look.

Induction cooking is faster and more efficient than gas or electric.

## General Properties

|                 |                                                                                                     |
|-----------------|-----------------------------------------------------------------------------------------------------|
| Cooking modes   | Broil, Air fry, Convection broil, Convection roast, Pizza, Proof, Multi rack, Convection bake, Bake |
| Cleaning type   | Steam-Assist                                                                                        |
| Type of surface | Ceramic Glass                                                                                       |
| Knob material   | Plastic                                                                                             |
| Interior light  | 1                                                                                                   |
| Kitchen timer   | No                                                                                                  |

## Oven Performance

|                            |                 |
|----------------------------|-----------------|
| Bake / broil element watts | 1,700 / 1,700 W |
| Convection element watts   | 2,700 W         |

## Burner Performance

|                                    |                          |
|------------------------------------|--------------------------|
| Total induction elements           | 4                        |
| Power of back left element watts   | 1,400 W (1,850 w/ boost) |
| Power of front left element watts  | 2,300 W (3,000 w/ boost) |
| Power of front right element watts | 2,300 W (3,000 w/ boost) |
| Power of back right element watts  | 1,400 W (2,100 w/ boost) |

## Technical Details

|                         |                    |
|-------------------------|--------------------|
| Watts                   | 8,000 W            |
| Circuit breaker         | 40 A               |
| Volts                   | 208V / 240V        |
| Frequency               | 60 Hz              |
| Plug type / Cord length | Yes                |
| Power cord length       | 1.5 meter          |
| Plug type               | 208/240V - 4 prong |
| Energy source           | Electric           |

## Dimensions & Weight

|                                          |                                                      |
|------------------------------------------|------------------------------------------------------|
| Overall appliance dimensions (HxWxD)     | 36" x 29 15/16" x 24 11/16" (w/ bull nose 26 19/64") |
| Required cutout size (HxWxD)             | 36" x 30" x 25"                                      |
| Adjustable range height                  | 35 9/16" Min.<br>36 13/16" Max.                      |
| Oven cavity size                         | 4.7 cu. ft.                                          |
| Overall oven interior dimensions (HxWxD) | 17.40" x 24.33" x 18.42"                             |
| Usable oven interior dimensions (HxWxD)  | 17.32" x 22.83" x 17.13"                             |
| Net weight                               | 212 lbs                                              |

## Accessories—Included

Use and care manual, installation guide, 2 standard racks, anti-tip protection kit

† To be fully ADA compliant, these units must be installed according to ADA guidelines. Please check current ADA requirements for guidance on installation.

**Accessories:** To purchase Bosch accessories, cleaners & parts please call 1-800-944-2904 (Mon to Fri 5 am to 6 pm PST, Sat 6 am to 3 pm PST).

**Notes:** All height, width and depth dimensions are shown in inches. BSH reserves the absolute and unrestricted right to change product materials and specifications, at any time, without notice. Consult the product's installation instructions for final dimensional data and other details prior to making cutout.

**Warranties:** Please see Use & Care manual or Bosch website for statement of limited warranty.

## Installation Details

Measurements in inches (mm)

Cabinet clearance requirements

The distance that must be maintained when installing the range shall be:

**A:** Max. 7" (178 mm)  
**B:** Min. 18" (457 mm)  
**C:** Min. 30" (762 mm) clearance between the top of the cooking surface and the bottom of the ventilation hood or a non-combustible wall cabinet

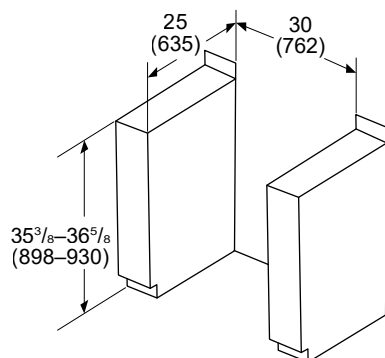

**D:** Min. 30" (762 mm)  
Min. 36" (914 mm)  
**E:** Min. 25" (635 mm)  
**F:** Max. 13" (330 mm)  
**G:** Min. 30" (762 mm)  
Min. 36" (914 mm)  
Zero clearance between adjacent combustible structure below the countertop surface and sides of the appliance

**H:** 35 3/8"-36 5/8" (898-930 mm)  
**I:** Max. 11" (279 mm)  
**J:** Max. 7" (178 mm)

**X:** Grounded outlet

From cooking surface to side materials: no clearance is required from unit walls to adjacent vertical combustible walls on rear, right or left
