## Compact Laundry

# Master your day with Home Connect.™

## Take the guesswork out of doing laundry.

Thanks to Home Connect, you don't have to guess which setting to select for your clothes. EasyStart recommends the best program based on the types of clothes you select in the app.

## Start your laundry, even when you're on-the-go.

With your Bosch connected washer and dryer, you can start a cycle from anywhere<sup>2</sup>, using your smartphone or tablet. Those last-minute changes in life are no longer an inconvenience.

## Stay on top of your energy and water consumption.

Home Connect provides energy and water consumption information for each laundry washing program.

## Get status updates for your laundry.

With Home Connect, your device can send you status updates, including when a cycle is complete, giving you the freedom to focus on more important things.

## Quality and performance.

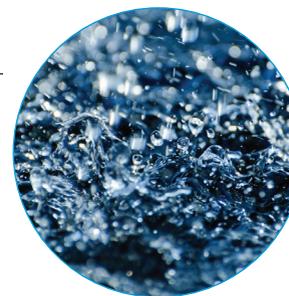

### Wash and dry in 30 minutes

Our 800 series laundry pairs feature a 15 minute wash and a 15 minute dry cycle. The cycle can be used on any small, lightly soiled load, such as five dress shirts.

### AquaStop® Plus

The AquaStop® Plus System is an advanced leak protection and containment system. AquaStop® Plus consists of the AquaShield® hoses and also features sensors that automatically close the water inlet and activate the drain pump if a possible leak is detected—even if you're not at home.

### Self-Cleaning Condenser

Our 500 series heat pump dryer features America's only Self-cleaning Condenser<sup>1</sup> that rinses multiple times per cycle leaving your dryer running efficiently for life.

### ENERGY STAR® qualified

All Bosch washers and dryers are ENERGY STAR® qualified and the 500 series pair are recognized as Most Efficient of 2020.

## Installation cost savings.

- \$ No Additional Power Outlets or Wall Receptacles Needed**  
Bosch washers plug into a Bosch dryer power adapter for easy installation or a properly installed 240V NEMA 6-15 or NEMA 6-20 wall receptacle.
- \$\$ No Ducting Needed**  
Our condensation drying system requires no ducting which saves you money.
- \$\$\$ No Leak Risk**  
A smitty pan may no longer be needed<sup>3</sup> with our AquaStop® Plus and AquaShield® water leak protection systems.

<sup>2</sup>Connectivity and speed varies based on network and Wi-Fi levels

<sup>3</sup>Check local building codes for complete requirements.
