

Broan Elite 15000 Series

This slim design merges perfectly with the style of any kitchen. Its unseen advantages include quiet, powerful ventilation performance along with a hood that can be hidden away when not being used.

- Compact, trim styling complements any kitchen
- Fan and light automatically turn on when you slide out the clear glass visor; shut off when pushed in
- Energy-efficient, 24" fluorescent light with prismatic glass lens provides bright, even cooktop lighting (F20T12 bulb not included)
- Infinitely adjustable blower control conveniently located up front; features blower memory – when activated, unit automatically “memorizes” the last setting you selected
- Includes 3¼" x 10" duct adapter with built-in damper

Dimensions shown are in inches.
