

Broan Elite 27000/28000 Series

This space-saving design lets you make the most of precious, under-counter cabinet space. Featuring sleek, trim styling that suits any cooktop style or colour, these models beautifully complement the charm of any existing kitchen without sacrificing ventilation performance.

- Innovative downdraft system compatible with virtually all self-contained cooktops.
- Automatically raises into position with the touch of a button.
- Disappears flush with cooktop surface.
- Variable-speed control is flush with the side of the unit; inconspicuous, yet easy to reach and simple to use.
- Model 27000 blower discharges right, left or down and slides side-to-side to ease installation.
- These units are not for installations behind ovens.
- Stainless steel cover. White or black optional.

* Cooktops, countertops and cabinets vary in dimension and support systems depending upon manufacturer. These factors may impact this product's ability to fit with every worktop/cabinet combination.

** External blower #332 or in-line blower sold separately.

*** 27000 Series only.

† The 28000 series requires transitioning from 3-1/4" x 10" to 10" round for connection to the external blower. Adapter sold separately.
