

# Electric Freestanding Range

## Luxury-Glide® Oven Rack

With a ball bearing system, the oven rack is so smooth it extends effortlessly.

#### Perfect Convect<sup>3®</sup>

Our convection technology features a third convection element for consistently even results, up to 30% faster cooking times and even more baking options.

## Sure-2-Fit® Capacity

Coordinate an entire meal — our oven features 5.8 cu. ft. of cooking space with two adjustable baking racks.

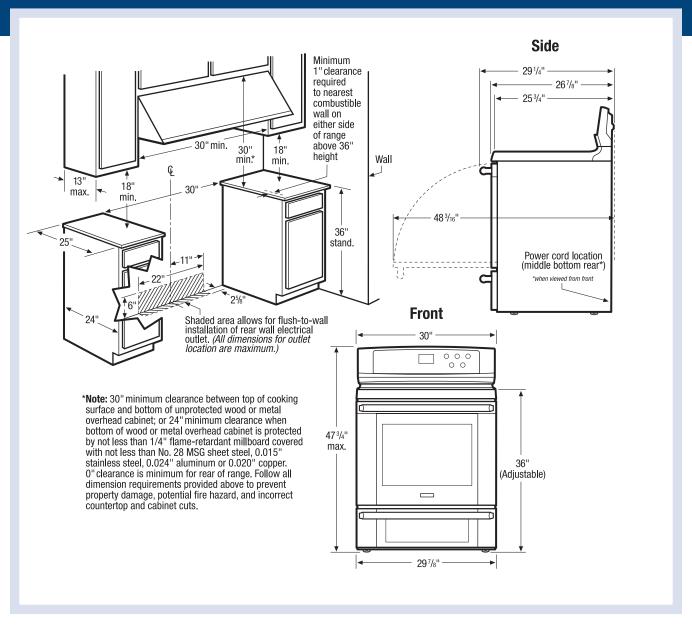

# Fresh Clean<sup>™</sup> Self-Cleaning Oven System

Innovative feature cleans your oven with virtually no odour or smoke of a conventional self-cleaning oven.

NOTE: Always consult local and national electric codes. Refer to Product Installation Guide		

#### 30" Electric Freestanding Range Specifications

- Product Weight 240 Lbs.
- $\bullet$  Single phase 3- or 4-wire cable, 120 / 240 or 120 / 208 Volt, 60 Hertz, fused on both sides of line with ground.
- Connected Load (kW Rating) @ 240 / 208 Volts = 15.0 / 11.5 kW
- Amps @ 240 / 208 Volts = 40 Amps
- Recommended Circuit Breaker 40 Amps
- Always consult local and national electric codes.
- Make sure wall coverings around range can withstand heat generated by range.
- Floor beneath range MUST be solid and level.
- Overhead cabinetry should not exceed a 13" maximum depth.
- Absolute minimum horizontal distance between overhead cabinets installed to either side of appliance must be no less than maximum width of appliance.
- Range can be installed flush to wall with 0" minimum rear clearance.
- Minimum 1" clearance required from edge of rangetop to nearest combustible wall on either side of range above 36" height.

- Allow 30" minimum clearance between top of cooking surface and bottom of unprotected wood or metal overhead cabinet; or 24" minimum clearance when bottom of wood or metal overhead cabinet is protected by not less than 1/4" flame retardant millboard covered with not less than No. 28 MSG sheet steel, 0.015" stainless steel, 0.024" aluminum or 0.020" copper.
- To reduce risk of fire when using overhead cabinetry, install range hood that projects horizontally a recommended minimum of 5" beyond bottom of cabinets.
- Follow all dimension requirements provided to prevent property damage, potential fire hazard, and incorrect countertop and cabinet cuts.

Note: For planning purposes only. Refer to Product Installation Guide on the web at electroluxappliances.ca for detailed instructions.

#### **Optional Accessories**

• Grill / Griddle - (PN # 318251611).
