

Potenza combines curved glass and stainless steel to create a light and airy environment, which is perfect for any contemporary kitchen.

The flowing designs of 30" or 36" widths come with a powerful 400 CFM blower that can support the cooking demands of most kitchens. Stainless steel look, multiple backlight color touch controls illuminate in elegant white, green, blue or red and manage multiple functions, including LED lighting and 3 speed blower. Multiple clicking sound options are also available.

Potenza also features a telescopic chimney for up to 8' 5" ceilings. Designed for standar ducted installation, Potenza can also be installed as a recirculating system using the kit available as an accessory.

PLUS FEATURES

**3X LAYER GREASE FILTER** - Elica aluminum mesh filters are a step above competition, featuring triple layered, anodized aluminum that is woven into a highly dense mesh. The thick mesh captures more grease, anodization helps resist staining and provides durability to repeated cleanings in the dishwasher.

**LED LIGHT** - LED lighting is undoubtedly the smartest solution in terms of energy saving. Expected life is over 20,000 hours, and should last the full life of the hood.

**CFM REDUCTION** - CFM Reduction System (CRS), is an exclusive feature to Elica hoods, which enables the user to reduce the maximum blower CFM, to meet local code requirements.

HVI Certified Ratings	High Speed	Working Speed	Duct Size
CFM	340	100	6" (Vertical)
Sones	7	0.5	6" (Vertical)
