

LEONE ISLAND

ISLAND

ASPIRE SERIES

Designed to support Island cooking, Leone Island delivers a splash of Italian design with the classic crisp lines of a chimney style hood, seamless welded corner craftsmanship, a beveled rim design and gleaming stainless steel plus the hood comes "unbranded", for easy coordination with other appliances. Most importantly, Leone Island has the extra depth (27") and power (1200 CFM) needed to support professional ranges and cooktops. No ear plugs required with Elica's HUSH sound suppression system, which enables you to comfortably talk and entertain, even when cooking up a storm. Available in 36" and 42" widths, Leone Island features stainless rotating knob controls, which operate the 4-speed blower and halogen lighting. Easy maintenance and a cleaner kitchen are ensured with professional stainless steel baffle filters.

Leone Island is designed for standard ducted ventilation only.
