

MODENA

UNDER-CABINET

ASPIRE

Modena offers a classic designer chimney appearance for under-cabinet installations, with a striking 9" high pyramid shape. Modena also provides high-end features not commonly found in under-cabinet hoods, including halogen lighting with 2 light intensities, stainless steel microhole filters and easy-to-use multi-function electronic touch with LCD display controls. Available in 30" or 36" width, and designed for standard ducted installation, Modena can also be installed as a recirculating system using the Recirculating Kit, available as an accessory, for design. For design versatility to suit almost any kitchen.

Halogen Lamps

Multi-Function Electronic Touch Controls

Stainless Steel Micro Hole Filters
