

# PLATINUM ISLAND

## COLLECTION SERIES

Platinum's brilliantly glossy finish reflects the world around it like a kaleidoscope, and provides a powerful visual impact, while the modern, clean-lined definition makes it easily adaptable to a variety of styles and environments. Many are misled by Platinum's pendent light appearance and are pleased to find its decorative qualities are equally balanced by a high functioning range hood hidden within. All possible due to Elica's patented Evolution system.

Platinum offers a 350 CFM blower, halogen lighting and a high efficiency filter system that effectively removes cooking grease, heat, smoke and odours, with only a whisper of sound (.3 sones at speed 1) and does all this without dominating the kitchen or obstructing the glorious views outside.

### MODELS

EPL320SS Platinum 20" Stainless

### DIMENSIONS

(19 3/8" W x 19 3/8" D x 15 3/8" H)

Halogen Lamps

Electronic Push Button Controls

### SPECIAL FEATURES

**Elica Evolution:** A super-compact ventilation system comprised of miniaturized / finely engineered components, which provide a platform for creating artistically interesting shapes that provide a splash of design and decoration for the room. Not just a pretty face, the patented Evolution system is a highly effective ventilation system, that won't over power the kitchen or disrupt the glorious views to the outdoors.
