

PALERMO INSERT

ASPIRE

Palermo provides professional grade performance, while it's 28^{1/4}" width and 10^{3/4}" depth enables it to be discreetly installed within standard 12" deep cabinetry, making it ideal for smaller kitchens or where the range hood needs to be out of sight. Palermo has a powerful 600 cfm blower to support most cooking needs. Stylish Stainless Steel push button Controls operate a 3 speed blower and halogen lighting. Easy maintenance, higher efficiency and a cleaner kitchen are ensured by Elica's patented Baffle Slot Filters, which capture a higher % of grease and hold larger volumes of grease than traditional baffle filters. Palermo is designed for standard ducted or recirculating installation.
