Freezers GLFH17F8H W/B

Signature Features

Express-Select® Controls with Upfront Display

Easily select options with the touch of a button.

Automatic Alerts

Freezer alerts you if the door is left open or if the temperature rises.

SpaceWise® **Organization System**

Our total organization system includes adjustable and fixed glass shelves, mid and lower level baskets with dividers, a retractable pizza shelf and adjustable door storage.

Store-More™ Tilt-Out **Wire Door Bins**

Store more in the door while the tilt-out feature provides easy access.

Frost Free 17 Cu. Ft. Upright

Product Dimensions

Height (Including Hinges) 65-7/8" Width 32" Depth (Including Door) 26-5/8"

More Easy-To-Use Features

Store-More™ Adjustable **Door Bins**

Flexible storage options with door bins designed to reposition with ease to fit your needs.

Soft Freeze™ Zone

A bin that remains slightly warmer than the freezer interior for convenient storage for Soft Freeze™ items such as ice cream.

SpaceWise® Adjustable Shelf

Lock with Pop-Out Key

Quick Freeze

Quickly freeze whatever you store to keep foods at their freshest.

Bright Lighting

Our bright lighting makes it easy to see what's inside

Power-On Indicator Light

Know at a glance that your freezer is working.

Color-Coordinated Handle

SpaceWise® Shelf Bookends

Clever and flexible bookends are designed to hold more frozen food containers upright.

Energy Saver Plus Technology

Upright Freezer Specifications

- Product Shipping Weight (approx.) 208 Lbs.
- An electrical supply with grounded three-prong receptacle is required. The power supply circuit must be installed in accordance with current edition of *National Electrical Code (NFPA 70)* and local codes & ordinances.
- Voltage Rating -115V
- · Connected Load (kW Rating)@115 Volts = 0.58 kW
- · Amps@115 Volts = 5 Amps
- · Always consult local and national electric codes.
- For adequate air circulation, allow 3" minimum clearance on all sides and top with 1" at bottom.
- When installing freezer adjacent to wall, cabinet or other appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 140° door swing, providing complete basket access and removal. (Absolute 3" minimum clearance will ONLY allow for 90° door swing which will provide limited basket access with restricted removal.)
- Locate where surrounding air temperature will not exceed 110°F, to ensure optimum performance. (Temperatures 32°F and below will NOT affect operation.)
- All bottom corners of unit MUST rest firmly on solid level surface of hard material, same height as flooring. Surface must be strong and stable enough to support unit when fully loaded.
- Equipped with adjustable leveling legs to ensure unit is level, which is required in order to function properly.

Note: For planning purposes only. Refer to Product Installation Guide on the web at frigidaire.com for detailed instructions.
