More Easy-To-Use Features

Steam Cleaning

A 20-minute light oven cleaning that's chemical-free, odour-free, and fast.

One-Touch Self-Clean

Your oven cleans itself - so you don't have to. Self clean options available in 2-, 3- and 4-hour cycles.

Smudge-Proof™ Stainless Steel¹

Resists fingerprints and cleans easily.

Effortless™ Temperature Probe with Auto Keep Warm

The Effortless™ Temperature Probe allows you to set the desired finished temperature and alerts you when that temperature has been reached. The oven then holds the desired temperature of the meat by switching to a keep warm function for better cooking results.

Effortless™ Convection Conversion

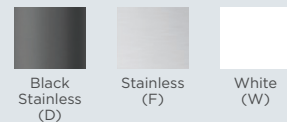

Takes the guesswork out of convection cooking — our ovens automatically adjust standard baking temperatures to convection temperatures for consistent results.

SpaceWise® Warming Zone

Keep food warm on the cooktop until everything — and everyone — is ready.
