

wine captain and beverage center

April 2006 new product introductions
GE Profile™ wine captain and beverage center

Profile™

Wine captain and beverage center quick pitch

Keep wine and beverages cool, refreshing and ready to serve

Elegant Appearance

Tinted glass door and **stainless steel accents** provide the perfect design touches to convey distinction, style and fine living.

Ultimate Convenience

Two full-extension wine racks in the beverage center and **seven** in the **wine captain** make loading and unloading quick and effortless.

Generous Capacity

The **beverage center** features ample space to hold **150 cans or 126 cans and 12 bottles** at once, while the **wine captain** accommodates **57 bottles** with ease.

Feature gallery: GE Profile™ beverage center

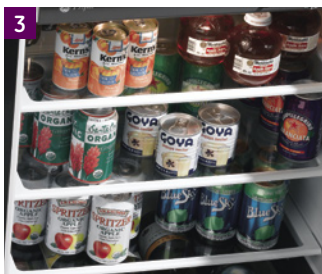

Temperature controls

Allow users to adjust the storing or serving temperature for refreshments like soda, juices, beer and wine.

Full-extension wine racks with beechwood fronts

Offer an elegant appearance that easily slides in and out to make loading and unloading up to 12 wine bottles or 24 cans effortless.

Spillproof glass shelves

Provides ample space for storing up to 126 cans and helps contain spills for easy cleaning.

Tinted glass door with stainless steel accents

Delivers a high-end and modern appearance that blends with existing appliances and décor.

Interior display lighting

Illuminates the contents of the beverage center to make selecting quick and easy.

Recessed handle

Features a modern, ergonomic design that adds to the sleek appearance and is simple to use.

Model PCR06WATSS

1 Temperature controls

Allows user to customize the temperature to suit individual tastes for storage or serving white and red wines.

2 Full-extension wine racks with beechwood fronts

Offer an elegant appearance that easily slides in and out to make loading and unloading up to 57 wine bottles effortless.

3 Tinted glass door with stainless steel accents

Delivers a high-end and modern appearance that blends with existing appliances and décor.

4 Interior display lighting

Illuminates the contents of the wine captain to make selecting quick and easy.

5 Recessed handle

Features a modern, ergonomic design that adds to the sleek appearance and is simple to use.

Installation versatility

The GE Profile™ wine captain and beverage center offer the ultimate installation flexibility with built-in and free-standing capabilities. Whether it's in the kitchen, a home theatre room, part of a built-in bar or even in the basement, consumers can enjoy the convenience of cold beverages or wine anywhere in the home.

The sleek design and built-in installation integrates beautifully with the latest appliances.

Add the style and the convenience of a free-standing beverage center to enhance a room designed for entertainment and comfort.

Installing a free-standing wine captain is an ideal way to add elegance and refined taste to a formal setting.

The combination of both units built-in side-by-side offers the ultimate beverage and wine storage.

A built-in beverage center is the perfect addition to a mud or utility room, providing easy access to cold drinks on the go.

Incorporate the wine captain into a place where friends and family gather to relax and unwind.
