2.0 CU.FT.

24" FRONT-CONTROL FREESTANDING RANGE - ELECTRIC

Model: HER24FSA

Fast, Even and Flexible - The Schott Ceran® cooktop utilizes 1 adjustable, 3 fixed radiant burners that offer precise heat and perfect control, making it easy to cook your favorite dish.

True European Convection - The Hisense true convection system uses a third element around the fan to more evenly distribute heat throughout the oven cavity. Evenly bake multiple trays of cookies on both bake racks. When roasting, the Hisense true convection system will help to keep your roasts moist.

Interior light- two (2) 25 watt oven lights makes it easy to see how your food it doing.

Edge-to-Edge Glass - Hisense European design provides a large window so you can easily monitor how your baking or roasting is coming along. The glass extends across the full width and height of door. With no porcelain bezel to trap cooking grease, you will find cleaning this range a snap.

This all-new range from Hisense is beautifully designed and will look good in any style of kitchen. It boasts 4 burner cooktops to fit a variety of different sized pots and pans for ultimate efficiency. The 24-inch, 2.0 cubic foot capacity oven fits into more compact spaces but still gives you enough room to cook a hearty meal. The easy-to-use glass touch display makes setting the oven simple. The storage drawer fits pans and baking trays, giving you extra storage in your kitchen. We can't make your kids eat their vegetables, but we can help make sure they are cooked to perfection.

24" FRONT-CONTROL FREESTANDING RANGE - ELECTRIC
