

Hisense 36-in. 19.2 Cu.Ft Silver Side-by-Side Fridge with Recessed Handle

Hisense's new 36-in 19.2 cu. ft. Side-by-Side refrigerator offers ample space for all your weekly groceries. Premium flat doors with a recessed handles design make the refrigerator look sleek and modern. It also has an efficient inverter compressor that ensures consistent cooling, quieter operation, and energy savings. A flat duct design at the rear of the interior maximizes internal space and allows you to fit larger items.

Large Capacity

Hisense's large capacity refrigerators ensure you can store food of various shapes and sizes, meeting all your weekly shopping needs. Comfortably fit up 19.2 cu. ft. of groceries at once.

PureFlat Door Design

The premium appearance with flat door design and recessed handles makes the refrigerator discretely integrated within the kitchen cabinets. It makes better use of space and creates a seamless built-in look.

Inverter Technology

Enjoy quieter performance, longer-lasting freshness, and lower energy bills thanks to the advanced inverter motor technology, designed to automatically adjust cooling for consistent temperature and extended appliance life.

Easy-to-control Display

The easy-to-control LED screen makes controlling the temperature and refrigerator modes easier than ever before!

Flat Duct Design

With our flat duct design at the rear interior of the refrigerator, enjoy more usable fridge space — perfect for everything from large platters to your weekly groceries. No more struggling to clean; its simplified interior makes wiping down spills and keeping your fridge clean a breeze, saving you time and effort.

Gallon Door Storage Bin

Hisense's gallon door storage bins offer the perfect fit for tall and bulky items like gallon jugs or 2L bottles, freeing up interior space for fresh food and giving you quick access to your everyday essentials.

Big Storage Boxes

Now with bigger space, the upgraded big box compartments make it easy to store more items, with a smart design that maximizes space for better organization and flexibility — from large frozen goods to fresh produce.

Super Cool

Fast cooling on demand. The super cool system can quickly drop the fridge temperature to 2°C (35°F) and keep for 6 hours, so that food can be rapidly chilled. This feature allows you to keep the flavor and nutrition of the fresh food as well as chill the drinks quickly.

Super Freeze

Super Freeze rapidly cools with maximum airflow, making it perfect for quick freezing and fast ice production for your parties, while ensuring optimal food preservation.

Multi Air Flow

Thanks to the even distribution of cold air achieved by Hisense Multi Air Flow System, an optimum temperature is consistently maintained throughout your fridge and freezer — keeping food chilled to perfection no matter where it is placed.

Frost-free Technology

Say goodbye to scraping, dripping, and defrosting with Hisense Freezer's Frost-free technology! Enjoy evenly circulated cold air that prevents frost build-up, saving you time and energy. Let this freezer do the job for you effortlessly!

Digital Temperature Sensor

Multiple highly effective Digital Temp Sensors are built into the refrigerator, which are engineered to optimally adjust the cooling level of the fridge.

Soft LED Lighting

Hisense's soft LED lighting enhances freezer visibility without straining your eyes, automatically activating upon door opening for energy-efficient illumination. Enjoy clearer visibility and lower energy consumption with our soft LED lighting, providing convenience and comfort.

Door Alarm

The Door Alarm feature notifies you if the freezer door is left open, helping you to prevent food from spoilage with a smart sensor-triggered sound alert.

General Info

Model	RS19A2CSD
Type	Side-by-Side
Total-Capacity	19.2 cu.ft
Safety Certification	CSA
Voltage / Frequency	115V / 60Hz

Performance

Energy Certification	DOE
Power Consumption	281 kWh/year
Defrosting	Frost-Free
Multi-Air-Flow	Yes
Operation Amps	2.7
Peak Amps	2.9
Noise Level	37 dB(A)
Inverter motor	Yes
WIFI	/
Refrigerant	R600a
Condensor Position	Bottom

Appearance

No. of doors	2
