F	15	38.1
G	2	5.1

MODEL SKUs
JXT7036ADS

NOTES:

1. This system is to be installed in a custom built soffit.
2. Refer to installation instructions for detailed information.
3. Minimum mount height between range top to hood bottom should be no less than 24". Maximum mount height should be no higher than 32". It is important to install the hood at the proper mounting height. Hoods mounted too low could result in heat damage and fire hazard; while hoods mounted too high will be hard to reach and will lose performance and efficiency.

Important: Because of continuing product improvements, Jenn-Air® reserves the right to change specifications without notice. Dimensional specifications are provided for planning purposes only. For complete details see installation instructions that accompany each product before selecting cabinetry, making cutouts or beginning installation.
