Depth closed including handle: 26-1/2" (67.31 cm)
Depth closed excluding handle: 24" (60.96 cm)
Depth excluding doors: 21" (53.34 cm)
Depth with doors open 90°: 47-1/2" (120.65 cm)

LOCATION REQUIREMENTS

To ensure proper ventilation for your beverage center, allow for 1/4" (0.64 cm) space on each side and at the top. When installing your beverage center next to a fixed wall, leave 2-1/2" (6.35 cm) minimum to allow for the door to swing open. To open door wider, leave more space.

NOTE: Do not install the beverage center near an oven, radiator, or other heat source, nor in a location where the temperature will fall below 55°F (13°C). For best performance, do not install the beverage center behind a cabinet door or block the base grille.
