ELECTRIC/GAS DRYERS

LoDecibel™ Quiet System

LG dryers feature advanced technology that makes them some of the quietest on the market today.

Electronic Control Panel with Dial-A-Cycle™

Intuitive controls allow you to "set it and go". You can also save your favorite dry cycle by pressing Custom Program.

Sensor Dry System

Measures moisture in the drum during the cycle, then automatically adjusts the drying time and temperature for optimal fabric care.

Drying Rack

Allows you to dry sweaters, sneakers, stuffed animals and pillows carefully without tumbling them.

Wrinkle Care Cycle

Dry clothes are periodically tumbled without heat to reduce wrinkles.
